Welcome,

I am pleased that you have found the website for our Holiday Rambler Recreational Vehicle Club in Arizona. There are three chapters in the state, and you may join any or all of the chapters and partake in their activities.

Based in the Phoenix area, the Chapter 309 called Valley of the Sun offer both monthly campouts and breakfast meetings during the “season” of November through April. Each of the breakfast gathers also feature a speaker from an organization or business that holds interest with members who enjoy the outdoor life and use of their recreational vehicle. With outings in different locations around the Arizona area, this chapter gains a great experience in travel within our state.

In Tucson, Chapter 71 called the Grand Canyon Ramblers, offer a similar type of club activities with a mix of both outings and breakfast meetings. This chapter also joins with a New Mexico chapter for a joint gathering each year, with the meeting place alternating between AZ and NM.

Chapter 407, The Cactus Wrens is basically a Snowbird Chapter with only four year-around Yuma residents. They begin their winter season in early November with their weekly breakfast (open to all traveling HRs). If you're driving through Yuma, or stopped here for a while join the Chapter for breakfast at Day Breakers Café on the North Frontage Road in the Foothills every Thursday at 9 AM, through the end of March! You're also welcome at any of the other events!

Our members all own a Holiday Rambler recreational vehicle (RV) or one manufactured by Holiday Rambler and live throughout the United States and Canada. Whether they are traveling or participating in rallies, adventures, caravans and campouts, members enjoy loyalty, goodwill and a friendly, family kind of feeling much like a family would.

Browse this website for information regarding each chapter. Follow the link to our membership form and join us as we explore Arizona. As our brochure says, “Your friends are waiting.

”Warm regards,

Thom
