

News from Nancy
January 2016

2016 started out with as much confusion as 2015 ended! Poor Kay, she sent me the minutes and we just automatically sent them out. Whoops! THEN I read them over and realized it was the wrong ones. Of course I got a couple emails right away but I had that straightened out before I even got them. Next time I promise, I will check everything out before I send it. At least I'll try. Stay tuned ...

Upcoming events:

February 23 – 27, 2016 Lake Pleasant, AZ wagonmasters: E. & R Olson
They have reserved 12 sites and 7 are still open. If you have never been there, now is the time! It is a beautiful site and there is so much to do around there. Roberta gives you a good time. She would like \$25 for the deposit. This is a Buddy Campout so invite a friend. Please give her a call to make your reservation as she will have to be turning in the sites not taken so she can get her refund back.

March remains open ... FEEL FREE TO JUMP RIGHT IN THERE AND OFFER TO BE WAGON MASTERS TO YOUR CHOICE OF CAMP OUTS!

April 3 – 8, 2016 Western International Rally
The Palms RV Resort, Yuma, AZ

Clemets, the wagonmasters, have been joining us for the last three breakfasts in Phoenix and Bernie has told us some of the plans. It too sounds like a good one. If you haven't been to one of Bernie and Joyce's outings, you've missed a lot of "happenings". They have a way of finding so many out of the ordinary things to do. They plan to tour the old Territorial Prison and even go into Mexico, etc. Wow! These are so many new and different things for our Chapter 309 club. Come play with us.

Our next breakfast is February 2nd. I sure hope to see you there.

We had a nice turnout for the January breakfast in Phoenix this month. We had seven couples plus two singles. Clemets live over in Happy Trails now so they came to join us again which is always nice. They brought Jim Mason, a member, who has never attended before. It was like having a visitor. Our happy campers, the Armstrongs even came. They are on the road (and in the air) so much that they are hardly ever in our area. (We got them to tell us some about their travels.)

-
Get well wishes:

Elvin Shaw continues to have eye issues. He had a contact put in his left eye ... and lost it so had to get another. He may need more surgery on his eyes down the road too. He also learned he has a low level AFib so was put on Eliquis but taken off another blood thinner so that is good.

Grant is going through a series of tests again too. Sooner or later they will get to the bottom of his problems. Sure hope so anyway –

Thom told me that Barb is feeling better half of the time. He said she still aches in the mornings. I suggested it might be age. No, I'm not being naughty. I hurt like the devil in the morning too and I know I'm not alone.

Neal Honn ended up with pneumonia while in Quartzsite. Poor guy, he wasn't feeling his usual self while out in the desert but apparently it got worse while in the campground.

The old timers in our club will remember Reba Lucey. She is now president of the Yuma club. However, while in Buckeye at the state rally she wasn't feeling well and they thought it was pneumonia. As it turned out, she has cancer and is in a bad way. Please send Reba your prayers. She's quite the gal ...

Our Quartzsite adventure was awesome as usual. We brought a buddy along. Grant has been after Wayne and Gloria to go with us for years but Wayne is a neatnick and never wanted to get his coach dirty. (He even cleans the motor of his car, etc.) Gloria doesn't like to cook on the stove as she doesn't want to get it dirty either. She does the grill thing. Anyway, Grant convinced him and before the end of the second day he was saying "Next year when we come " so that was a good sign. We did have such fun. They both enjoyed all our Chapter 309's company and I personally thank each of you that welcomed them so warmly. That's what I told them our club is all about. Menors' had the neatest little portable radio with the greatest sound so we actually drove to Yuma one day to buy one. We even bought Roberta one but could never find her home to show her how to run it. (Maybe at breakfast if you bring it along Roberta??) Of course we did the usual things that everyone does in Quartzsite but it was kind of fun showing new comers the sights. I kept saying I didn't like fast food because I don't like all that grease but, where could you find anything but greasy food in Quartzsite? I have the cutest picture of the three dogs, all dressed up in their coats, sitting around the campfire, and wanted to put it in the newsletter but I can't get them off my phone to the computer. Sorry. Thom wrote you all the Rice Ranch news so now you have it all.

See you all in a couple weeks at breakfast ...
